

# AMIPS – CARRIERES n° 585- juin 2011

## MEDICAL SAFETY OFFICER

ADDS, CRO and Contract Services Organisation, is looking for a medical safety officer for its Pharmacovigilance & Risk Management department.

His or her main responsibilities will be the medical assessment of all safety activities, handling of Individual Cases Safety Reports and the writing and medical analysis of Safety reports PSURs and DSURs. Safety activities are handled from national to worldwide levels in post- and pre-marketing settings.

Profile: physician exclusively, fluent English speaking and writing, experience in Pharmacovigilance and in safety data base would be appreciated, communication skills, sensitized to quality in Pharmacovigilance, and compliance to regulation and SOPs.

If you have an enthusiastic personality, enjoying working within a team, supportive for our clients, rigorous and eager to learn, you will find a stimulating and challenging position in ADDS, with therapeutic areas going from generics to cell therapy, including medical devices and cosmetics vigilances, in an international environment, you can send your CV to [ifermont@adds.com](mailto:ifermont@adds.com) & [cpastor@adds.com](mailto:cpastor@adds.com) with our salary expectations, which will be adapted to your experience and skills. The job is to be provided shortly. The office is located in Boulogne-Billancourt (92).
